

# GEOSHOT TECHNOLOGIES

(Your Partner for Advanced 3D)

## SERVICES OVERVIEW

GeoShot provides 3D visualization solutions that go beyond just implementation of technology. Our specialized industry focused approach envisions technology as a business process enabler. Over the past years, we have emerged as a strategic technology partner to global clients across mature markets offering services and solutions related to:

- Geospatial Technology (GIS)
- Building Information Modeling (BIM)
- Building Architecture Visualization
- Golf Courses Visualization
- Architectural Scale Modeling
- CAD Conversion and Drafting

## ABOUT US

GeoShot Technologies is at the forefront of advanced 3D visualization in the disciplines of Golf, Architecture, GIS, BIM and Architectural Scale Modeling. We are a team passionate about implementing advanced 3D solutions.

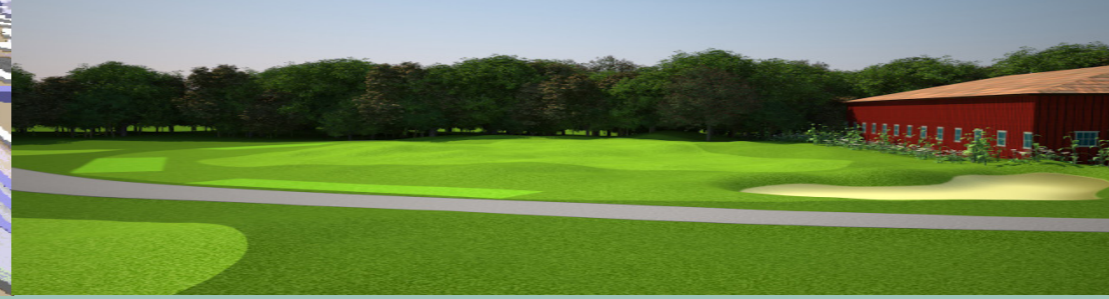

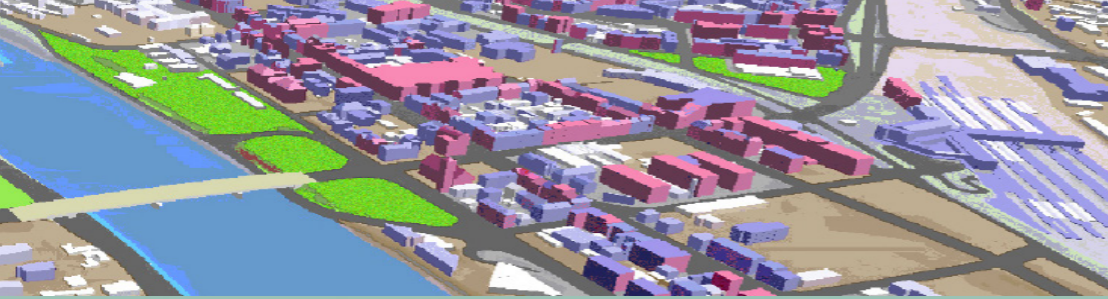

We strive for customer satisfaction.

You express, we deliver!

## Geospatial Services

- GIS Data Services
- Photogrammetry Mapping
- LiDAR Data Processing
- UAV Data Acquisition
- Remote Sensing
- Geospatial Application Development

## Building Information Modeling

- 3D Modeling
- Coordination & Integration
- Material Extraction
- Project Scheduling (4D & 5D)
- Energy Analysis
- 3D Renderings and Walkthrough

## Golf 3D Visualization

- 3D Flyover Videos
- Hole and Green Graphics
- Course Overview Graphics
- Yardage Books
- Caddy Cards
- Score Cards
- Pin Placement Cards
- Irrigation System Maps
- Topographic Maps
- Interactive Tours

## Architectural Scale Modeling

- Township Models
- Landscape Planning Models
- Site Development Scale Models
- Commercial Architecture Models
- Highly Detailed Architectural Models
- Residential Architecture Models
- Interior Scale Models
- Special Art etc.

## Architectural 3D Rendering

- Exterior/ Interior Still Renderings
- Walkthrough Videos
- Architecture Mood Shots
- 2D/3D Colored Floor Plans
- Illustrations

## CAD Conversion, Drafting & 3D Modeling

- Paper to CAD Conversion
- Architectural CAD Conversion
- Digitization
- MEP CAD Drafting
- HVAC CAD Drafting
- Electrical CAD Drafting
- Plumbing CAD Drafting

## Why Collaborate with GeoShot

### CREDIBILITY

We have partner alliances with Autodesk, Adobe and Microsoft.

### DATA SECURITY

We understand the importance of data security and maintain a state-of-the-art secure environment and network, ensuring that the access to project information is as per defined protocols.

### EXPERIENCE

We've developed and successfully delivered more than 200 Architecture 3D, BIM and GIS projects since 2013.

### PORTFOLIO

We take pride in working with a diverse and extraordinary set of customers handling challenging assignments. Our customers include Global 500 Enterprises, State Governments and some rapidly growing Startups.

### OUR SKILL

GeoShot's team is highly qualified and experienced with all recent technologies. We have experience in delivering quality services and in position to meet urgent delivery schedules.

### INFRASTRUCTURE

GeoShot has own office at Gurgaon (Delhi NCR) with all state-of-the art facilities.
